

THE ASSOCIATION FOR WOMEN'S CAREER DEVELOPMENT IN HUNGARY (AWCDH)

founded in 2003

THE FOUNDERS OF THE AWCDH

identified the need for a non-governmental organization to help promote women's equality by working with and fostering the cooperation between organizations dealing with women's issues, by taking an active role in the formulation of a common platform and helping to promote empowerment of women active in all major sectors of life.

LIFE COURSE ORIENTED WOMEN'S CAREER DEVELOPMENT

In a woman's life there are certain periods, cycles, and changes that are particular to her womanhood.

It is therefore imperative that women of different ages and different social situations should be provided with sufficient information to meet their special needs and circumstances. Only in this way can they make informed choices and pursue careers most suited to their talent and goals.

OUR GOALS

to advance the dialogue between legislation, government,
the profit and non-profit spheres, higher education,
and all potential stakeholders of AWCDH
in order to meet economic, social, cultural and educational challenges.

Our objectives have been defined in the combined spirit of
national development goals,
the laws on equality,
EU directives,
the corresponding UN Strategies and Recommendations,
and the European Employment Strategy,
promotion of Euro-Atlantic integration.

WE ADOPT

all positive foreign best practices within a Hungarian framework

WE PRESENT

exemplary Hungarian practices abroad by utilizing our network
within the European Union and the United Nations

WE HAVE THE OPPORTUNITY

to cooperate in the work of UN/ECOSOC as the first Hungarian NGO
in “Special consultative status with UN-ECOSOC” awarded in 2009.

This recognition renders our efforts in the field of European relations and
global issues like women's equality, women's rights, sustainability and
demographic change all the more effective.

THINK TANK AND ACTION TANK

- **Dedicated members of AWCDH,**
well trained professionals in their fields
are putting their knowledge and expertise in the service of the goals
set by our Organization.

- **A Forum of knowledge transfer**
with the participation of organizations interested in an increase in employment
and the realization of gender equality
(EU, government, economic and non-profit sector, scientific sphere, media)
thus contributing to the expansion of the labor market,
its greater effectiveness, and the strengthening of economic competitiveness.

- **AWCDH formulates and publicizes its views**
regarding women's equality, women's employment, work-life balance, lifelong learning
and active ageing on Hungarian, EU and UN levels.

OUR STRATEGIC PROJECTS

EU PROJECTS

Participating in COST Actions (providing MCs)

(European Cooperation in Science and Technology) is a funding organisation for research and innovation networks)

CA22167 2023-2027 Participatory Approaches with Older Adults (PAAR-net)

CA22120 2023-2027 Network to leverage the Multi-Age Workforce” (LEVERAGE)

CA21107 2022-2026 Work inequalities in later life redefined by digitalization (DIGI-net)

CA19136 2020-2024 International Interdisciplinary Network on Health and Wellbeing in an Age-friendly Digital World. (NET4AGE-FRIENDLY)
- closed in October 2024.

Participating in Adult Learning Projects

“Women, Families, Careers – Digital Solutions in Adult Learning” (2023–2024)

AWCDH participated as partner, project initiator, and research leader in this Erasmus+ Small-scale Adult Education project, coordinated by the Family Friendly Hungary Centre, with Czech and Slovak partners. We identified digital solutions across three countries that support women and families, resulting in a Collection of Digital Applications, a Guide, and a Best Practices Exchange, available in local languages and English on EU platforms. The materials serve as educational resources and contribute to advancing digitalization in line with the EU Digital Strategy.

“Be the Change” Project (2016-2018)

As a partner in this Erasmus+ Strategic Partnership for Innovation, AWCDH contributed to the project “Boosting Entrepreneurship through Intergenerational Exchange” (Italy, Germany, Hungary, Malta, Slovenia) by conducting research (IO1) and managing dissemination activities.

“TRAME” Project (2013-2015)

AWCDH partnered in the EU Grundtvig Adult Education Program on “Transferring Competencies through Self-Narration and Mentoring” with German, Turkish, Irish, and Maltese organizations. Our experts conducted research in self-narration and developed a professional handbook for an artisan-focused self-narration education program.

OUR STRATEGIC PROJECTS

WISEGRAD FUND (V4) SUPPORTED RESEARCH PROJECTS

www.visegradwomen.net

“Women, Family, and Career – The Impact of the Pandemic on Work-Life Balance in the V4 Countries”

(October 1, 2021 – April 30, 2022)

Coordinated by AWCDH with partners in Poland, Czech Republic, and Slovakia, the project examined the pandemic's impact on mothers, women planning families, women over 50, and rural women, focusing on labor market aspects. Results were presented at a hybrid event in Budapest and summarized in a research study with recommendations for policymakers.

“Women, Family, and Career – Civil Forum in the Spirit of V4” (February 17, 2020 – October 31, 2020)

Supported by the Visegrad Fund and the Hungarian Ministry of Human Resources, AWCDH as coordinator organized a hybrid international conference with Czech, Polish, and Slovak partners in Budapest on 28 August 2020. The project promoted women's employment while considering family, regional values, and sustainability. The research conducted during the conference, together with an online survey carried out in August–September 2020 were published in a bilingual (English and Hungarian) study with recommendations for policymakers and stakeholders.

BEST WORKPLACE FOR WOMEN AWARD

founded in 2007

**On the Occasion of International Women's Day 8 March
the AWCDH announces every year
the Best Workplace for Women Survey and Prize
as a continuation of the successful initiative launched in 2007
in honor of the “Equal Opportunities for All – European Year”**

Our goal:

to point beyond the need for equal employment opportunities to the economic advantages
of making more and more women part of the work force.

**The survey is open to Organizations operating in Hungary
who fall into one of two categories:**

less than 250 employees, over 250 employees

Aspects of evaluation:

fair working arrangements; career opportunities; promotion; opportunities to preserve health
and well-being; skill development opportunities; reconciliation of work, private and family life.

Our special database

regarding women's employment and women's well-being is available as a representative sample
reflecting the opinion of more than 25 thousand female employees and several hundred managers.

ORGANIZATION OF EVENTS

PARTICIPATION OF THE AWCDH AT THE UNECE MINISTERIAL CONFERENCE ON AGEING

The Association for Women's Career Development in Hungary (AWCDH), the initiator of the "Women's career for a lifetime" program, is honored that, thanks to the recognition of their expertise, Andrea Ferenczi and Katalin Hajós have been invited to the UNECE (United Nations Economic Commission for Europe) Ministerial Conference on Ageing held in Rome on June 15-17, 2022 by the Italian Government.

A Sustainable World for All Ages Joining forces for solidarity and equal opportunities throughout life

On the occasion of the 4th review and appraisal of the implementation of the Madrid International Plan of Action on Ageing and its Regional Implementation Strategy (MIPAA/RIS) in the UNECE region, the first Joint Forum of Civil Society and Scientific Research was organized on June 15, 2022, as a part of the UNECE Ministerial Conference on Ageing held on 16-17 June, 2022 at the Ergife Hotel and Congress Center in Rome.

The 5th UNECE Ministerial Conference on Aging ended with the adoption of the 2022 Rome Ministerial Declaration in the spirit of three main objectives:

- 1) Promoting active and healthy ageing throughout life
- 2) Ensuring access to long-term care and support for carers and families
- 3) Mainstreaming ageing to advance a society for all ages
